# **Backdrop Illusion - White Cyc Hollywood**

Cyc is short for cyclorama which is a curve background that can be use to make the semblance of sky on stage. Most cycs are white because white isn't visible in the background allowing for other background photographs to be inserted as background scenes. White cyc Hollywood can be a big curtain going all the way to the floor that completely encloses the stage on 3 sides. Successful and effective white cyc Hollywood must be seamless, clean, have no visual corners or sharp angles to avoid unwished-for shadows and issues showing up in the finish background. White cyc backdrops were first utilized in nineteenth century Germany theaters. One studio in Hollywood has been making films and shows using white cyc since 1919 and is named Hollywood Center Studio.
