# **How To Find Great Deals New Products. Auction Your Unwanted Stuff At TripleClicks(TM)!**

Many people find themselves squeezed out of their homes by a collection of years of hoarding. There is a fairly new auction site available today. It offers many unique features and is growing faster than anyone thought possible. Chances are that you will be able to find great deals on new products and auction your unwanted stuff at TripleClicks(TM).

The free sign-up is quick and easy. You will soon be clearing out that clutter. First, you need to fill out half a dozen one line fields with some very basic information. Enter your first and surnames, and then enter your email address (twice for verification). Finally, you enter your carefully chosen private password. We recommend choosing a unique password and keeping it private. After all, you may be making some money here!

Once you have entered this information, use the privacy button at the bottom of the page. You will be impressed by the lengths the site owners have gone to, to protect your privacy. When you press Submit, a drop down box becomes available. This is a list of countries. To find your own country quickly, just enter the first letter of its name and it will automatically appear in the list.

Now it is time to go looking for a test item. Pick something that has been taking up too much space for too long. Get it out of your environment and make some cash at the same time. In order to list an item, you will need an Ad Credit. You can buy one credit at a time at a cost of one dollar and ninety nine cents. Although this may be the choice of people cautiously trying the system, there is a cheaper method. If you buy two hundred and fifty credits at once, the unit price is only nineteen cents.

When your item is published online, it stays there until you remove it. This is an advantage over other auction sites. Constantly re-listing items can be time consuming. When an offer is made on the item, you automatically receive an email from the site. Then you can decide whether or not to accept the bid. If you want the proceeds from your sales sent to you, payments are made each Wednesday. There is a small fee for sending the money to you. For example, any amount under fifty dollars will cost a two dollar fee. If you are getting a one thousand dollar deposit in your paypal account, it will cost you twenty five dollars. There is no fee if you decide to spend your earnings on the Tripleclicks(TM) site itself.

This is a world site, with customers from the entire planet; every kind of currency is acceptable here. Placing your belongings online and selling it worldwide is as simple as typing a few words.

There are seven new areas to be opened soon on Tripleclicks(TM). At the moment, the site donates a percentage of its earnings to Care. Care is a charity well known for helping the people in third world countries. Customers can also sign up to be affiliated with the site. As a money making opportunity, this auction site stands alone.
