# Acme People Search Home Business Review

We're all looking to expand our streams and increase our income revenue as an affiliate marketer. If one of your objectives is increasing your GVO or GDI down lines then it appears the ACME people search affiliate marketing program could be interesting. There are 10 different income streams rolled into 1 program, which seems unique. But does it work?

On close inspection the companies connected to this program Click bank, My life, GDI, GVO are all leaders in their fields so that's reassuring. The affiliate marketing program \$29.99 a month so it's clear that an investment of time and money will be required to get off the ground.

However there appears to be a way to circumvent this fee if we're prepared to become a super sponsor on the forum. The requirement is that you write 30 helpful posts, answering newbies questions, over 30 days.

It appears Acme breaks down into two different businesses an affiliate marketing program and a Search website. The search Engine is effectively a free giveaway that appears to work well enough, although it only works in the USA. The idea is you promote your search engine to attract people to use it and gain commissions from various companies which are embedded in the engine.

The Acme People search affiliate marketing program, has a 6 more income streams to take advantage of. So it appears, looking at the proof of payment and the fact that it's been around a while and continues to grow, it seems a very good program. A few words of caution are required, all affiliate programs and I think this one require affiliate marketing skills and a minimum input of money to work. Here is a video of Acme founder explaining his program: [youtube:L4XCpcGz17M;[link:Acme People Search];http://www.youtube.com/watch?v=L4XCpcGz17M&feature=related]
