# Unique Baby Gifts

Few occasions are as fun to shop for as the birth of a baby. Smiles, laughter, tears of joy and a feeling of awe all combine when a new life enters the world. It's easy to choose baby gifts that will be loved, used, and cherished, from funky to classic and from fun to practical.

Unique gifts don't have to be impractical. There are many classic gifts for baby that are needed for each new birth. Bedding and bath items are always a good choice. A new mom can't receive too many burp cloths, receiving blankets, washcloths, crib pads, tiny towels, sheets, or crib bumpers, even if this isn't the first baby of a family. Beautiful colors and cute patterns abound, so that the choice can reflect popular color combinations, sports, flowers, nursery rhymes and other fun themes.

Those who love gadgets can indulge their taste even when choosing baby gifts. Baby room monitors are a great gift and never fail to be appreciated. There are even digital systems that can be used in the home or car to keep an eye and ear out for the baby - it is a gift that gives peace of mind to new parents. Interactive toys that fit on crib-side or car seats, crib mobiles, baby-wipe warmers and sound machines are unusual and generous choices for baby gifts.

Babies need so many things. Bibs, bottles, rattles, teethingers, soft-coated spoons, miniature divided plates, and sippy cups are all part of the gear a baby needs. Diaper bags make excellent baby gifts. An often-overlooked but greatly appreciated gift would be boxes of baby wipes. Other "consumables" are also highly desired and useful, such as baby shampoo, baby wash, baby powders, and baby oil. These items are used daily and parents love to have extra on hand.

Fanciful, practical, or trendy, clothes make wonderful baby gifts. Buy staples, such as zip-up blanket suits, tiny undershirts, sleep sacks, and snap-bottom bodysuits in sizes from newborn to 24 months, or consider giving a more unusual clothing item in newborn sizes, such as a hat, fancy shoes, or funny tee shirt. Go classic or buy clothes in the latest color combinations and design trends. Baby jewelry is very popular again and is a unique, beautiful choice.

Fun gear for babies includes portable strollers, high-chair pads, roll-up padded changing pads, carriers, wind-up swings, car seat covers, and padded, waterproof floor activity mats. Bottles, teething toys, bibs, stuffed animals and booties go along on any trip, no matter how short. Diaper bags and tote bags to stow it all in make great baby gifts, too.
