The Elegance of Luxury Watches

Various designers like Armani, Coach, Burberry, Emperio, have in recent times entered watch business. The branch of watch marketplace welcomes these watches since luxury watches are selling at a very high value of even thousand dollars. The fashionable watches are of great excellence and own a attractive look and inexpensive compared to the other competitors.

In the 1600s luxury watches were worn merely by wealthy women and only in the 1800s it became fashion for the men to bring a pocket watch or time piece. They were moreover worn by merely rich people as it was expensive for others. Only following to World War I the habit of wearing watches became popular.

At the occasion of war time the soldiers found it difficult to bring time pieces in the pockets and see the time. Several soldiers wore watches which had a band but the working class can not afford one and the majority of them were from middle class families.

In order to synchronize its troops for singular operations and missions government gave wrist watches to every one its armed forces and when the war was over it became a custom for low class people to dress watches in the wrist.

As stage passed by numerous changes and innovative ideas have been done on wrist watches. As they entered 20th century apart from being a time piece it once more became a sign of illustrious wealth and style. The top designers have made different varieties of time pieces.

Even following the invention of cell phones luxury watches are still in demand and they wish reside as a wealth expressing adorn for several days to come. Lots of people can not pay for to waste money on luxury watches.

Several consider spending 1000s of dollars buying luxury watches is a waste of money. So the luxury watches of big companies like Bertolucci, Rolex, Vulcain, Oris, Versace have lost their sales since of the prices being very elevated. So the small stylish companies are start to establish their names in the market.

To buy designer watches companies like Coach, Burberry, Dolce...Gabana, DKNY, Armani and Emperio are best because they sell good watches at reasonable prices.
