The top ten are :

9. Felipe De Castro from the Sookie Stackhouse / True Blood book and TV series.
8. Lara from the Dresden Files book and television series.
7. Dracula from the 1897 novel and countless film and TV renditions.
6. Spike from the Buffy the Vampire Slayer TV series.
5. Lilith from traditional vampire lore.
4. Nosferatu, first appearing in the 1922 motion picture of the same name, an adaption of Dracula.
3. Bill from the Sookie Stackhouse / True Blood book and television series.
2. Alice from the Twilight series of books and flicks.

...And the most popular vampire online is no surprise...

1. Edward from the Twilight series of books and movies.

I compiled this list by hunting for the word Vampire + the series name + the vampire name on numerous search websites. This guaranteed that I was indeed getting results for a particular vampire from a particular series. The vampire's renown was judged by the total number of pages found for them. So , for instance to rank Edward from Twilight I searched for "Vampire Twilight Edward", which had millions of pages.

In part to prevent The Twilight Series from absolutely overpowering this list I only authorized any one series up to 2 spots on this list. The most well liked vampires from Twilight were (in order) Edward, Alice, Jane, Victoria, Jasper, Laurent, Marcus, Carlisle, Rosalie, Esme, James, Aro, and Demetri. True Blood also had too many vamps on the list. The entire True Blood list (in order) is Bill, Felipe de Castro, Eric, Jessica, and Gdric.

The vampires who didn't make the cut were Selene from subculture, Darren Shan, Vlad the Impaler from the 14th century, Thomas from the Dresden Files, Lestat from Anne Rice, Jean-Claude from Anita Blake, Lewis from Anne Rice, Count von Count from Sesame Street, Elizabeth Bathory from the 15th century, and Count Chocula.
