# **Start Making Money With Google AdSense: The Secrets**

Adsense is considered as one of the best money income source for a website publisher. Google Adsense enables you to monetize your sites easily. If used properly, it can generate a very healthy online income for the sites.

You can start earning money with Adsense can be done easily and quickly. There are actually 3 steps to put into mind before you having an effective Google Adsense.

1. Keyword search. Research some popular subjects, keywords or phrase. Select the ones which you think has more people clicking through. This is actually a keyword selector and suggestion tools that some sites are offering to those who are just their Google Adsense business.

2. Writing the content. You need to write original content with keywords from the topics that you have achieved in your search. Take note that search engines are taking pride in the quality of their articles and what you could write that should keep up with their demands.

3. Quality original content site. Build a quality content site incorporated with Adsense ads that is targeting the subject and keywords of your articles and web sites.

The proper positioning of your ads should be done with care. Try to position your ads where surfers are most likely to click on them. Some of those who are just starting at Google Adsense may think they are doing pretty well already and thinking that their click-through rates and CPM figures are quite healthy. However, there are many techniques and styles to generate more clicks to maximize your earnings.

By knowing these techniques and working them to your advantage, you will realize that you will be getting 3 times more than other people who have been previously doing what they are doing.

Finally, Google Adsense has some excellent tracking statistics that allows you to track their results across a number of site on a site by site, page by page, or any other basis you wanted. You should be aware off his capability and make the most of it because it is one powerful tool that will help you find out which ads are performing best. In this way, you can fine tune your Adsense ads and focus more on the ones being visited the most rather than those who are being ignored.

To really start making money with Adsense, just do not ignore your site and your Adsense statistics once you have finished accomplishing them. Spare some time, even an hour, making improvements to the Google Adsense ads on your websites to quickly trigger your Adsense income.
