Steak Or Pizza Which Is The Better Choice

If you look at cities throughout the UK one thing is for certain you will find a wide choice of restaurants at each location. One city Leeds in the North of England has over 300 restaurants that serve everything from pizza, fish, pasta, steak and even bore. There is even a [leeds steak house](#) , which serves up food in a smoke filled room and allows stray dogs in, or at least so the rumors go.

Because the choice is so vast people tend to eat by area and what ever the large choice of food is in the chosen area will determine what you eat. What is normally uncommon is to find people throwing pizza in the river as this tends to be eaten from a box and tends to be tasty so the customers will eat all the pizza unless it has a chewy steak topping and in this case they may throw it away, but again this would be very rare.
