# **Now You Can Compare Internet Prices With A Single Click Using My Shopping Genie Free Software**

More and more people are shopping online, and more of them are looking for good deals, lower prices and better bargains. Unfortunately, comparing prices online can be just as time-consuming as trying to visit 6 different stores. You search for the item you want to buy - which returns millions of search results. You start clicking on the search results to check the prices, but find that many of them lead to sites that aren't really selling at all. Then you've got to back to the search results and start again, or be redirected to yet another website that does sell the item you want. Sometimes the store doesn't actually stock the exact model you want. After going through this a couple of times, who would blame you for being frustrated? Now you can compare internet prices with a single click using My Shopping Genie free software, and cut out all that time and irritation.

Instead of you searching through millions of search results for the item you are looking for, My Shopping Genie free software does it for you, searching over 200 000 online shopping sites, making price comparisons for you to find the lowest prices and best deals available on the internet. The software application searches retail and auction sites such as eBay, Amazon, Walmart, Sears, pricegrabber.com, shopping.com and thousands more, as well as manufacturers' sites to find coupons and special offers. My Shopping Genie free software only provides the results for the best deals, so you don't have to click through hundreds of sites to find them.

Making internet price comparisons just got a whole lot easier - and cheaper. My Shopping Genie software is free to download, and installs in a matter of minutes. This application is easy to use, as it works within the search engine you already use. When you search for a product in for instance, Google, the My Shopping Genie software searches at the same time, presenting results simultaneously with the search engine. The results appear in a small toolbar across the bottom of your screen. You can either click on one of the retailers listed there, or use the 'Compare' listing to compare prices on several sites. You can even choose which online stores you want to compare prices at. My Shopping Genie then opens each internet store site on a separate tab in your browser. You just check each page - they open on the exact product you searched for - compare prices and decide which deal you want to take advantage of.

Nothing complicated, no new program to learn, and within minutes of downloading the application, you can compare internet prices with a single click using My Shopping Genie free software. Using your favourite search engine, whether it be Google, Yahoo or Bing, My Shopping Genie software automatically does the searching and comparing for you. 30 million price comparisons in two years have already saved online shoppers thousands of dollars, and hours of time.

Online shopping is easier and quicker now that you can compare internet prices with a single click using My Shopping Genie free software. Start saving time and money today.
