# Best Top 10 Reviews

Can websites that compare web hosting services be trusted? To be honest, it is hard to tell sometimes. But, as you attempt to choose a trustworthy service that provides web hosting, the key is to locate a few helpful reviews meant to assist in the selection of the most appropriate web host for business and personal sites. You have the advantage of reading some of the following actual independent reviews covering the most reliable providers of web hosting services in selecting your web hosting provider. Here are Top 5 hosting comparison, review and rating sites (named "Top 10 Web Hosting" comparison site usually):

WebHostingTalk.com

This site is particularly helpful, as it provides trustworthy and current information regarding ways to select the best service. There are reviews of webhosts, in addition to tips and tricks on subjects related to hosting - you can also learn about business webhosting, ecommerce systems, dedicated server hosting, and the like.

There are independent reviews of popular web hosting providers that you can take advantage of, and it will not even cost you \$10 each month. Coming with a full thirty day money back refund policy, each hosting plan mentioned in these reviews includes minimally one free domain name.

This site is an industry-specific place to find webhosting news items, facts and various types of relevant material.

theWHIR.com is a great community, every member cares about web hosting and anything to do with it, each of the community can write articles about web hosting and you can gain a wealth of knowledge through these and the comments they attract.

Webhostingmasters.com

This is a very professional review site, you will find a free guide here that will take you through a list of the greatest web hosting providers. The web hosts have been picked by the editors and then they are given an exhaustive review that evaluates the overall hosting experience.

You can expect to learn everything you need to about the web hosting sites named on this site, even though many of them may not be well known in the industry. However, some of the web hosting providers featured on webhostingmasters.com are not well represented and without a face.

It is incredibly difficult to find independent reviews of web hosting services when you are searching for them on the Internet. You should rely on your own instincts and take these reviews which may or may not be independent with the proverbial grain of salt.
