# **Great Reasons To Buy A Kindle For Your Summer Reading**

There's no other savvier move that you can do than to select the best eBook reader there is in the world today. Nowadays, the demand for such device is high; therefore, it shouldn't be a surprise anymore to find several brand names that are connected to this kind of product. Since the decision is now yours to make, you must be extra careful and you must consider doing a lot of important things; one of which is to take time to read an Electronic Book Reader Comparison that is now posted online.

Amazon, Sony, and Ectacto-these are the three names that are constantly competing and getting the attention of the people in the market this time. All of them excel in different areas. Amazon is known for its Kindle, Sony is famous in producing the best electronic devices, and Ectacto has gained popularity because of its language translating devices. Perhaps the most important thing to check when you're searching for the right one to buy is the file types that the unit supports. That is to make sure that you won't feel sorry at the end of the day for buying one that does not allow you to read the type of format that you need. Apart from that, you must also check its viewing features. You must go for the one that guarantees ease in reading and should allow you to adjust the text size according to your own preferences.

Way back then, people have to go out somewhere to purchase the books that they wanted to read. However, time has changed and Amazon has played a great role in providing everyone with such a convenient way of shopping through its online bookstore. Yes, that means that all you need is an online computer for you to get everything that you desire. In the advent of time, another great innovation occurred in the world of reading through the presence of its Kindle Portable Reader.

You might be Oprah, or other celebrities and professionals, or even ordinary people, it's guaranteed that you will surely adore this product. It's such an amazing creation in the sense that it allows you to download more of your desired books, newspapers, magazines, blogs, and more straight through it without even using a computer anymore. Thus, it provides you one-stop-shop and total convenience.

There are various Reasons To Buy A Kindle and these reasons are all in favor of those book-lovers and non-regular readers alike. As of the moment, there are two known versions of this gadget-there's the original one and the second Kindle. The second edition was actually made after its original kind; the only difference is that it's preloaded with much more features and functionalities that are designed for everyone to love. No wonder it eventually has become famous.

Included in the package of the second edition are great features such as its improved screen display with a 6-inch E-Ink electronic display, 600 x 800 pixel resolution at 167 ppi, 16-level gray scale, a built-in dictionary, and a 5-way control button that is best for turning the pages and accessing the device's options. Another thing is its access to the Internet through Whispernet technology. With this feature, you are entitled to connect to the Internet anytime you want to even without connecting to a hotspot anymore. Other great things that it offers are its storage capability and a longer battery life.

How is the [Kindle DX Review](#) the top [Book Reader Electronic](#)? Let us count the ways.
