Are you in the marketplace for a new mobile handset by any chance? Do you want anything unique or will just any new mobile phone do the job for you?

This might just be the answer for you as I know how you can claim any model of mobile phone or indeed virtually any item that is available to buy from on-line retailers like Amazon and eBay completely FREE!

There is an advertising system called Affiliate Advertising which is a method of advertising that the larger companies are utilising now to recruit new customers and the good news is that you can be a part of that and earn yourself completed credits known as 'Greens' that you can spend on-line.

Greens are worth 20 each in on-line transactions but you can also cash in your completed greens for cash payable to you via bank transfer or PayPal at the transfer rate of 17 each.

Free gifts that you can lay claim to are pretty much infinite and in your control panel you will find a standard list to select from that includes the whole iPhone range, all iPods, every Nintendo DSi that has been released, various laptops, any Xbox or Xbox Live subscription and also the new Kinect control, 50 iTunes vouchers, 100 Amazon vouchers and much much more.

If there isn't anything on the listing that you want then just pick out the Custom Order option which will open the threshold for you to choose any item you want as long as it can be ordered by the affiliate network and shipped to a custom address, which will be your own household.

Affiliate Marketing works because huge companies like LoveFilm pay smaller networks to recruit new customers for them and these affiliate organisations hire regular people like you and me to assist them because they can't do it all themselves so want to discover people like you and me to work for them. The large companies pay the affiliate network every time you find a new client and in turn the affiliate network give you the choice of a free gift of your choice or a cash option.

First thing to do is join an affiliate network yourself and LoveFilmFreeTrial.Com and YourFreeiPhone4.Co.Uk are currently looking for new members to the affiliate program.

The first step you need to climb is completing one of the on-line offers presented to you to fully activate your account and then you are given your own control panel where you can find your own unique referral link which you need to pass on to anyone that you think may join under it.

If someone signs up through your link, and completes an offer you are credited with a 'green' to your account every separate item requires a set number of greens to claim but the general rule of thumb is that you allow 20 each so a purchase that costs 140 will be 7 referrals.

As soon as you have gained enough credits to claim your free gift then just use your control panel to start the purchase and in a typical scenario it will take about 3 weeks for it to be despatched and arrive at your house.

Enjoy you freebie!
