Get Your Playstation Move Free This Christmas

Sony have now released the playstation Move, The much awaited controller which follows your every move and projects this on screen in to games. The system takes advantage of the Eye toy camera to follow the controller and has much more accuracy than any other controller on the market today.

With just a few short weeks until the big fat man in a red suit arrives and delivers to all the good little boys and girls parents will be inundated with requests to have the playstation move for Christmas.

Are you aware that you can get the Playstation Move free? And not just the Playstation Move but also a PS3 console or just about any gadget you can think off all for free.

These sites are incentive based websites which offer all the latest gadgets for free when you join and try an offer which is advertised by some of the big brand names such as LOVEFiLM Coral and some Major banks.

Many of the websites who offer the latest gadgets have been around for years, constantly updating their free gifts with all the latest gadgets you can be sure the gadget you want can be got for free.

To begin the journey to claim your free move you are required to sign up to the affiliated website who offer the free gift you would like. Your real details are required as these will be used later to verify your account and of course to send out your free gift once you have completed all the requirements.

Inside the new account you will see that you can view the latest offers, any of which you can complete but you are only required to complete one offer. There are offers ranging from simple free trials to joining a well known on line bank such as Santander.

Choosing the free offers will allow you to save money and still try out the service, this will still allow you to claim your free gift even though it's a free trial.

when you have completed the requirements your account will be checked and if you have not broken any rules or the terms your free gift will be sent out free of charge, there are no delivery costs either so there wont be any surprise costs involved.
