# Website Classified Section

The life of a business depends on its yearly/monthly revenues earned from their clients. For this you must have a good social and professional network in the business market, which can get you more and more customers. You can utilize the right opportunities. The advertisements are an effective tool to find out your purpose in that concern. The classified page of the newspaper is the best place for publishing your advertisement. Indeed, in addition to the newspapers, you can also publish advertisement over online websites or online classified section. If you properly design the advertisement, then it would work as a money-minting machine for your business, and the classified fields will work as a trigger for that machine.

**Ease of searching:** The different advertisements are categorized according to their types. For example job advertisements are put in separate classes, marriage ads are in other one, similarly some sell-purchase ads are in different section, the property deals related ads will be in a separate column, and so on. This approach is useful for user to find their right advertisement which can satisfy their requirements. In this way you can save your time by searching for your ads in the specified column without spending a single penny. Because every section is different from the other sections, in this way your search becomes easy and efficient without any pain.

**Some advertising facts:** The newspaper company/ website earn their revenues based on the ads which are published in the newspapers or website classified section. There are some factors, based on them they charges for the ad:

Advertisement's size. Ad's text size & the number of lines in it. Choice of the colorful or black-white content. In online advertisements, they consider the animation or any other multimedia like sound audio & video cost of the advertisement. Cost also depends on the popularity of the sites. A popular site has more charges than the non popular. Some of them offer various discount programs on a particular period of time. The cost of your advertisement varies according to its type. For example, different cost for the commercial & the non-commercial advertisement

This classified section is an effective tool for generating business revenues for Newspapers Company and the advertising sites. They both are different as the newspapers company can recover the advertisement part via directly selling newspaper to users. On the other hand the sites completely depend on the cost for posting advertisement over it to recover its budget & this way they earn their revenues.
