# **Eight Nice Design Ideas For Your Customized Jewelry Roll**

Jewelries are precious and greatly pricey. These commodities are also considerably delicate and prone from being stolen and broken. Never let this happen to your precious jewelries. Keep them safe in a custom made jewelry roll. This materials will indubitably protect your gems preeminently when you travel. Additionally, you are also keeping these very lavish products in style.

There are separate style of promotional jewelry rolls that you can fix on. However, if you want your own style to go with these marvelous jewelry storage, here are quite a number design ideas that you might interesting.

#### Name Narcissist

If you really long to have it custom personalized, then jack it up with your name on the design. You will clearly know that it is yours because of the name on it.

#### Cartoon Character Crazy

Crooks may not suspect that a cartoon character custom imprinted jewelry roll may not contain something high-priced. In addition, cartoon characters will constantly bring back the child in you.

#### Hollywood Hullabaloo

Going gaga over your favorite Hollywood stars? Never lose sight of them by embroidering the photographs of your favorite stars on your custom logo jewelry roll. This will certainly make a deafening buzz among your friends.

#### Lady Gaga Love

She is the quintessence of out-of-this-world. Copy her style and lay them on your jewelry roll. Undoubtedly, there is nothing more gaga than that.

#### Bieber Fever

He's one of the most stellar stars of his generation. Undoubtedly, most young girls and even grown ups would scream their hearts out for Justin Bieber. Are you one of those ladies? Go get your accessories and jewelries a jewelry roll that is silk-screened with JB's face. This will undoubtedly be a big hit among the young girls population.

#### Animal Appeal

If you select a simpler style, you can unceasingly go for animal prints. Animal prints like those of the cheetah, tiger, leopard and many others have never gone out of style.

#### Gone Green

Being eco-friendly is not just showcased in tote bags. It can also be experienced through holding a jewelry roll that is devised out of organic materials.

#### Abstract Artist

An abstract art will clearly be appreciated by everyone. This is the design for those people who want to play safe in their fashion sense. Furthermore, there are so many abstract design on such material so you will never run out of choices.
