Roses Reinvented: Rose Petals In Delicious Food Infusions

The day of hearts is fast approaching. Do you have any plans on how you would recognize this eminently special day for couples? Positively, it doesn't matter if you would go out of town or just a simple commemoration at home. What is important is that Valentine's Day will never be complete with food and beverages. Beyond doubt, just customized food and beverage alone are all right to keep lovers surviving in this highly special day.

On the other hand, Valentines is also synonymous to chocolates and roses. Chocolates maybe related to promotional food and beverage but how about roses? Can you possibly cook these roses and serve dishes with its petals? Well, believe it or not, these roses can definitely be eaten. Plus, you can actually include rose petals as your customized food and beverage menu. What are the interesting recipes that you can include these flowers? Here are quite a number them.

Rose Tea

This is one of the most common things that you can execute to red roses. There are ready made rose tea brew that you can just order in some specialty stores. For added flavor you can get rose petals and add it on your tea cup. This is fit drink that you can serve on your emphatically special breakfast in bed.

Rose Petal Omelet

Yes, there is such customized food item like a rose petal omelet. Just crack eggs and other ingredients in a blender until petals are very fine. Cook it the way omelets are being cooked and serve it as part of your breakfast in bed.

Rose Petal Salad

This is unique and splendid salad that you can serve during your date. Instead of employing these roses as ornaments alone, just attain their petals and mix them with other ingredients like chicken slices, tomatoes slices, cucumber slices and others. Just drizzle it with you favorite vinaigrette or salad dressing and your luscious rose petal salad is all set. This can be a part of your incomparable customized food item that you can share with your loved one and the rest of the world.

Rose Petal Wine

To come up with this inimitable customized beverage, all you need are fresh rose petals and your favorite wine. This is a considerably perfect concoction of distinct ingredients that you can have on your date. If you want to know the complete details in devising such beverage, you can perpetually check the internet.

These are the novel customized food and beverage that you can have for Valentines Day. Indeed, these are roses, reinvented to set your celebration on fire.
