In this article you will get idea on both of them. So, let's start!

Writing your own eBook-toughest job! Writing an e-book is really boring and needs real hard work. But if you try to make it step by step the eBook will gradually build up to the point. Thus you have a book ready to put the final touch on it. So what's the big deal? Well, you need to take care of few things while writing. *Select Proper Title:* This make the first impression about your eBook. Title should be a bit catchy and should reflect the baseline of the content. It can be a phrase but have some meaning for sure. *User Friendly Content:* Do you want to read an eBook with no picture or no video in it? How would that be if there is not a single spacing in the writing? So you are the best person who could ever understand how smooth an article should be. Sharing personal experiences, having conversation with some experienced people who made a mark in the topic you are writing about, would be a great combination. Simple words with deep meaning are far better than some tongue-twisters.

Use Resell Ebooks for Quick Buck The second option is reselling ebooks for profit. Honestly this is the smartest option that most of the people opt for. Do you have any idea about "Resell Ebooks"? This is nothing reselling ebooks written by others with appropriate resell rights. Rights like, you can modify it or most of all you can resell it without modifying it. Enough of theory! Aren't you thinking about the important part? Money! So how much can be the profit? Well, the potential is unlimited. There are online entrepreneurs who are making six figure just by reselling eBooks.

Reselling and writing eBooks-Which one is better? You have got a clear idea about the both. But it will be possible to compare them easily. Both these methods have some pros and cons. Let's check out them quickly. *Writing your own eBooks* - PRO: Content will be totally original. - PRO: Affiliate links can be added to get extra sales / commissions down the track. - PRO: Full control over the content and delivery. - CON: Writing a whole eBook can be a struggle for some people. - CON: Need huge investment of time. - CON: Requires preliminary market survey of the topic.
