American Red Cross chapter a great choice for certified nursing assistant program

For the people that are interested in career of medical care, becoming a [Certified Nursing Assistant](#) (CNA) is good technique to get started. And the best place for getting your CNA training is an American Red Cross chapter near you. An American Red Cross society is a charitable non-governmental organization that depends on the volunteers and generosity of the American public. The American Red Cross society shelters, feeds and provides emotional support to victims of disasters and wars, supplies 1/2 the United Country's blood, teaches life saving abilities provides world humanitarian help and support army members and their families.

CNA trainings are straight forward trainings and need just few weeks of time. The American Red Cross society provides training, information and skills needed to become a CNA thru lots of its chapters around the U. S.. The North American Red Cross has supplied nurse aid training for at least two decades and has been a frontrunner in the nursing profession for at least 100 years.

Some of the American Red Cross chapters are:

Philadelphia, Pennsylvania: This is the southeastern chapter of the North American Red Cross. This chapter offers a 4 week nurse assistant training programme accepted by Pennsylvania Department of Education for \$1,300 in Philadelphia and in the suburb of Lansdale. The classes are held in the weekdays from 8 am to 4 pm.

Calhoun, Georgia: This is the northwest chapter of the American Red Cross society. This chapter started training in 2003. The chapter conducts tiny classes with only 14 students. The course costs \$670 and the training runs for 3 weeks. Graduating students pass the Georgia certification exam at raised rates than the state average.

San Bernardino, California: This is the Inland Empire chapter of the American Red Cross society. This chapter has given nursing assistant training for more than 15 years. The chapter offers the 164 hour program at the cost of \$1,900. The chapter trains more than 300 nurse assistants annually and 99% of students pass the State Board Competency Analyses.

These are the details of some of the chapters of the North American Red Cross society for certified nursing assistant training programs. After the graduation, the Red Cross forcibly helps students find roles. A statement has advised that about 50% of the Red Cross trained CNAs are employed.
